**UNIVERSAL MACHINE FOR FOUNDATION CONSTRUCTION**

# SCE1000A

Max. Rated Lifting Capacity

**100t**

Max. Boom Length

**64m**

Max. Fixed Jib Combination

**52m+22.5m**

A large red and yellow SANY SCE1000A crawler crane is shown in a rugged, mountainous environment. The crane is positioned on a dark, rocky ground. Its long red lattice boom is extended upwards, with a yellow and black striped hook and a red auxiliary hoist visible. The crane's body is yellow with 'SANY' and 'SCE1000A' printed on it. The background features dark, rocky mountains under a cloudy sky.

**Optional free fall of main and auxiliary load hoist,  
self-assembly of whole machine,  
meet global transportation standards**
