

PALFINGER

**NEW GENERATION OF SMALLER TONNAGE
CRAWLER CRANE— PLAYER OF VERSATILITY**

SCE1350A

Max. Lifting Capacity

135t

Max. Lifting Moment

668t·m

Max. Boom Length

76m

Blind area monitoring technology:

realize 360 degree monitoring around the turntable of crane, and effectively monitor the blind area of visual angle

Intelligent safety:

real time grounding pressure display, automatic forward driving and automatic reversing image, which can be connected to Sany app remote management equipment (Rootech)

Predictive maintenance:

through the condition monitoring of key parts such as electrical, hydraulic and engine, predictive maintenance prompt of key components can be realized, repair frequency can be reduced and equipment attendance can be guaranteed
